PROFESSIONAL SUMMARY

Currently employed as a **Full Stack Developer** at **Streebo**, delivering innovative solutions for the **Aditya Birla Group**. Focused on driving technology transformations within the client domain of **Aditya Birla Sun Life Insurance**, leveraging the **MERN Stack** and **AWS** to design and implement scalable, high-performance solutions.

Full-Stack Web Development: Proficient in end-to-end software development, including requirement analysis, system design, coding, testing, debugging, documentation, implementation, and deployment.

Solution Architecture: Translating business requirements and Functional Specification Documents (**FSDs**) into structured Work Breakdown Structures (**WBS**), evaluating code feasibility, and delivering accurate High-Level Estimates (**HLEs**).

Client Collaboration: Engaging with client technical teams, senior leadership, and stakeholders to align business needs with tailored technical solutions.

Problem-Solving & Leadership: Demonstrated ability to resolve complex software challenges, make informed decisions, and drive projects individually or in team settings.

Interpersonal Strengths: Strong communication and interpersonal skills, complemented by expertise in problem-solving, decision-making, teamwork, and quickly adapting to new challenges, with a proven ability to resolve complex software issues effectively.

EDUCATION & QUALIFICATION

Bachelor of Engineering (Computer Engineering) – 2021

[GUJARAT TECHNOLOGICAL UNIVERSITY, AHMEDABAD]

Grade: 9.89 (CGPA)

TECHNICAL SKILLS

- **Programming Languages:** JAVA, JavaScript
- **Web Development:** HTML, CSS, React.js, Redux, Node.js
- **Application Software:** Visual Studio Code, Eclipse, Android Studio, Postman
- **Database Management:** MS SQL, MongoDB
- **Cloud Platforms:** AWS
- **Frameworks:** Express.js

EXPERIENCE

• Full Stack Developer at Streebo Solutions Pvt. Ltd. (2021 – Present)

Delivering customized solutions for **Aditya Birla Sun Life Insurance (ABSLI)**, aligning with business needs and objectives. Collaborate closely with client teams and stakeholders to understand requirements and translate them into effective strategies. Focus on delivering tailored, impactful solutions that drive business success.

PROJECTS

LEAP (Insurance Portal)

Technologies: LEAP operates on the MERN stack (MongoDB, Express.js, React.js, Node.js) deployed on AWS (Amazon Web Services).

Frontend: React

Backend: Powered by Node and Express with AWS integration

Database: MongoDB

- Implemented new **Payment Lounge** for seamless payment processing across all channels.
- Integrated **UPI Autopay Renewal** into the LEAP journey, enhancing user experience and efficiency.
- Worked extensively with **AWS services** including Lambda, EC2, S3, SNS, SQS, Step Functions, CloudWatch, CodeCommit, and IAM for scalable cloud solutions.
- Designed and implemented **HDFC e-SI functionality**, enabling premium renewals and **policy issuance in under 5 seconds**.
- Delivered seamless integration and redirection for **HDFC** and **AXIS Bank**, enhancing the **D2C** journey.
- Integrated **Elixir-enabled journeys** for IDFC Bank, HDFC Securities, DCB Bank, AXIS Bank, and Aditya Birla Capital Digital into the LEAP platform for pre-filled user data.
- Delivered critical, channel-specific modifications tailored to individual requirements.
- Built robust APIs to streamline communication between frontend and backend systems for post-LEAP journeys.

EApp and EApp D2C (Insurance Portals)

Technologies: EApp and EApp D2C both operate on IBM's Mobile First Platform (MFP) for cross-platform application development.

Frontend: HTML, CSS, JavaScript

Backend: JAVA

Database: MS SQL Server

- Integrated 9+ new insurance products, including the bestselling products like **ABSLI Fixed Maturity Plan**, **ABSLI Akshaya Plan**, **ABSLI Nishchint Aayush Plan**, **ABSLI Anmol Suraksha Kawach**, and others.
- Successfully integrated new D2C sources like **HDFC Netbanking** and **HDFC Campaign** for enhanced user acquisition.
- Enabled **Point-of-Sale (POS)** journeys for multiple banks within the **EApp** platform.
- Implemented plan and journey modifications tailored for specific channels.
- Developed functional utilities using **Java** to optimize performance and streamline processes.
- Resolved **50+ production issues**, including conducting **Root Cause Analyses (RCAs)** to ensure long-term stability.

AWARDS / CERTIFICATIONS

- **Commitment Value Champion Award** for UPI Autopay Implementation from ABSLI – **January 2025**
- **Focus and Result Orientation Champion Award** for HDFC Instant Issuance from ABSLI – **January 2025**
- **Customer Excellence Award** from Aditya Birla Sun Life Insurance - **FY 24-25**
- **Star Performer Award** by Aditya Birla Sun Life Insurance - **Vice President (ABSLI Digital)** - **August 2022**
- **Customer Excellence Award** from Aditya Birla Sun Life Insurance - **FY 21-22**
- **Certificate of Appreciation** by Aditya Birla Sun Life Insurance for Successful Support - **July 2021**
